

EXPERIENCE

Peter Stacy is a Partner at Weil & Drage ("W&D") and practices in the areas of general business transactions, professional and commercial litigation, complex contracts, business formation and planning, ownership transitions, employment, franchise law, and intellectual property protection, and real estate. Peter currently serves as outside general counsel to a number of small to medium size firms and companies. He began his legal career in complex business litigation before expanding his practice to provide "full service" legal counseling to clients. This broad range of both litigation and transactional experience gives him a particular advantage in counseling business clients from start to finish.

Peter has drafted and negotiated complex contracts concerning multi-million dollar public works projects, private hotels, casinos, resorts, horse racing organizations, mixed-use developments, and multi-family subdivisions. He represents a wide variety of clients, including architects and engineers, contractors, investment advisors, horse racing organizations, horse owners, veterinarians, entrepreneurs, entertainers, manufacturing and fabrication companies, property managers, and retail businesses.

Peter is a regular speaker at industry-focused seminars and conferences. Residing in the City of Glendora, California, with his wife and two children, Peter is involved in a number of local community and service organizations. He enjoys cycling, trail riding, and Santa Maria-style barbecuing.
